

**FILE: ILA**

**ADOPTED: October 20, 1992**

**REVIEWED: February 4, 1993**

**TESTING OF STUDENTS FOR NON-DISTRICT PURPOSES**

The District shall not permit outside agencies or individuals to administer tests, examinations, questionnaires or involve students in experiments and studies unless, in the opinion of the Superintendent, the activity has a clear benefit to the students involved. In no such case shall such tests or experiments violate the privacy of the student or his/her family.

The initial request for such tests, examinations, or experimental programs shall be submitted to the Superintendent far enough in advance for him/her to study the request and seek the opinion of his/her staff.
